REQUEST FOR RECONSIDERATION OF DISMISSAL OF PETITION TO FILE APPLICATION ON BEHALF OF INVENTOR WHO REFUSES TO SIGN

Mail Stop – Petitions Commissioner for Patents P.O. Box 1450 Alexandria, Virginia 22313-1450

Sir:

This paper is being submitted in response to the petition dismissal, which was mailed on March 16, 2004. The deadline for filing this paper is May 16, 2004, and therefore this paper is timely filed.

The dismissal stated that the petition complied with all requirements, except that the declaration was improper as having been signed by all inventor (except the non-signing inventor), with one of the participating co-inventors signing on behalf of the inventor who

refused to sign. The dismissal, however, stated that if an identical declaration was resubmitted, signed by all co-inventors and leaving blank the signature block for the inventor who refuses to sign, that the petition would be granted and the application passed on for examination.

Accordingly, all participating inventors have resigned the enclosed declaration, leaving blank the space for the non-signing inventor's signature.

In view of the enclosure and the statements made in the dismissal, Applicants respectfully request that the dismissal be reconsidered and the petition to file on behalf of a non-signing inventor (who refuses to sign) be hereby granted.

No fee is believed to be due in connection with this submission. If, however, any fee is deemed payable, you are hereby authorized to charge any such additional fee to Deposit Account No. 20-0778.

Respectfully submitted,

Daniel R. McClure
